

Melbourne's First Choice For Wedding Video and Photography

Wedding Video Information

www.edwardbenson.com.au

In January 2008, Edward Benson Productions compared the prices of a number of Wedding Video Service providers in Melbourne, Victoria. We found that on average, prices ranged from \$3,500 - \$4,500.

This variance was dependent on time, how many DVD's, how many cameras, distance traveled, wireless audio and the list goes on.

After numerous years in the industry, we decided then and there that 2008 was going to be the year that Edward Benson Productions made a DIFFERENCE. The year that Edward Benson Productions was going to CHANGE the over priced wedding video packages available.

We released a number of Wedding Video Packages in early 2008 which included EVERYTHING.

- **NO TIME LIMITS**
- **NO CHARGING BY THE HOUR**
- **NO CHARGING FOR TRAVEL**
- **NO CHARGING \$50 FOR ADDITIONAL DVD's**
- **NO ADDITIONAL CHARGE FOR A HIGHLIGHTS CLIP**

EVERYTHING included in the price that is displayed on the website.

158 bookings in 2008

158 couples that shared with us their vision of what they wanted in their Wedding Video.

158 couples that shared our vision to make Wedding Videography available to everyone through cost effective pricing and High Quality productions.

Why should I have my wedding filmed?

For the same reason you have pictures taken - to preserve the memories of this important day.

There is nothing like a professionally edited video to capture the sights, sounds and emotions of your wedding day.

A well presented video representation is the ideal way to remember your wedding.

Professional Wedding Videographers like Edward Benson Productions have professional grade equipment and the invaluable experience of dealing with once-in-a-lifetime moments on a weekly basis.

Why choose Edward Benson Productions for your Wedding Video?

Our team at Edward Benson Productions have a wealth of knowledge, Network Television, Television Commercials, Corporate Videos, Short Films and even a documentary in Antarctica.

Each member of our team brings fantastic unmatched experience!

Will you use a wireless microphone?

Yes, wireless microphones greatly improve the audio quality. It is usually the groom who is chosen to wear the lapelle mic. The microphone is removed immediately after the ceremony to allow the couple their privacy. If available, Edward Benson Productions also plugs directly in to the P.A. system at the ceremony.

Do you charge for travel?

For weddings inside Melbourne, Edward Benson Productions do not charge any extra on top of our packages for travel time. Should your wedding be outside Melbourne, please [contact us](#) to organise a very reasonable arrangement regarding additional travel.

Do I have a choice of music for our video?

Yes! We want you to have as much creative input into your Wedding Video as possible.

If you have a favorite song, we will be happy to include it in the video. If you wish to choose your own music, we would ask that you send us your CD(s) within 2 weeks of your wedding day.

Won't the cameraman running around be disruptive?

The horror stories of videographers erecting huge lights and running around disrupting the ceremony will not happen with Edward Benson Productions.

We are an experienced young team that record wedding ceremonies unobtrusively and with solemn respect for the occasion, using no lights and very subtle movement.

How is your time billed?

Edward Benson Productions offer a range of packages, all of which cover all day.

This is from preparation in the morning until we feel we have obtained adequate footage at the reception to re-create a realistic representation of the day.

Unlike other companies, there is no hourly charge.

Should time permit we will even attend your rehearsal to get a preliminary feel for the day.

What do you get with Edward Benson Productions?
